Section 1: Introduction

This is the 24th Quarterly Report (Report) assessing the Maricopa County Sheriff's Office (MCSO or Office)'s compliance with the Hon. G. Murray Snow's October 2, 2013 Supplemental Permanent Injunction/Judgment Order (Doc. 606), as amended (First Order), and the Second Supplemental Permanent Injunction/Judgment Order (Doc. 1765), as amended (Second Order) (collectively, the Court's Order"). MCSO submits this Report to comply with Paragraph 11 of the Court's Order.

The purpose of this Report is to describe and document the steps MCSO has taken to implement the Court's Order, describe and document MCSO's plans to correct any issues moving forward, and provide responses to concerns raised in the Monitor's 23rd Quarterly Report covering October 1, 2019 – December 31, 2019 and filed with the Court on May 14, 2020 (Monitor's 23rd Quarterly Report).

MCSO has implemented many procedures and created divisions with the goal of implementing the Court's Order and achieving Full and Effective Compliance. As MCSO moves closer to the goal of achieving Full and Effective Compliance, the rate of progress becomes more difficult. Specific accomplishments for this reporting period have contributed to MCSO's current and future progress.

MCSO Training focused great efforts in the development of the Court Order Related Training (CORT) courses with the intent to receive approval for the curriculums as soon as possible. Earlier approval will allow for this training to be spread throughout the year and avoid an excessive amount of training within the last few months. An unavoidable obstacle to this goal was the COVID-19 pandemic and the impact that it has had on these training projects. MCSO is optimistic that CORT Training will be delivered earlier in the year than in the past.

MCSO continues the process of developing a new Employee Performance Appraisal (EPA). This Sworn Performance Management Guide identifies core competencies and expectations of performance dimensions. The prototype EPA has been piloted in Districts 2 and 3. MCSO has submitted and revised draft proposals. There has been much input from the Monitor and Parties during this review process. MCSO is hopeful that the new EPA will soon be approved.

The Early Intervention Unit (EIU) continued work on the threshold project. Best practices research was conducted and information from other agencies regarding their thresholds and EIS policies has been received. EIU continues to operate and evolve in its processes to improve efficiency and supervisory oversight which are valuable tools for achieving compliance.

Contained within this report, by section, is a listing of each Paragraph for which MCSO is "in compliance" for both Phase 1 and Phase 2. Paragraphs for which MCSO remains in "full and effective compliance" are detailed with the reasons for the assertions. Listed in detail are Paragraphs that are rated as "not in compliance" or "deferred" along with plans to correct any problems and responses to concerns.

Section 2: Compliance Summary

This Report from MCSO includes compliance ratings from the First and Second Orders issued by the Hon. G. Murray Snow. The Monitor rates MCSO compliance in two phases. Phase 1 compliance assessment entails a consideration of “whether requisite policies and procedures have been developed and approved and agency personnel have received documented training on their content.” Phase 2 compliance is “generally considered operational implementation” and must comply “more than 94% of the time or in more than 94% of the instances being reviewed.”

The Monitor assesses MCSO’s compliance with 99 Paragraphs of the First Order, and 113 Paragraphs of the Second Order, for a total of 212 Paragraphs. Please note the reporting period for this Report covers the first quarter of 2020 (January 1, 2020 – March 31, 2020).

- First Order compliance rating as reported in the Monitor’s 23rd Quarterly Report:
 - Phase 1 compliance is 96% - no change from last quarter.
 - Phase 2 compliance is 79% - a 2% increase from last quarter.
- Second Order compliance rating as reported in the Monitor’s 23rd Quarterly Report:
 - Phase 1 compliance is 100% - no change from last quarter.
 - Phase 2 compliance is 92% - a 2% increase from last quarter.

MCSO’s compliance rates for the First Order remained the same for Phase 1 and increased 2% for Phase 2.

MCSO has achieved Full and Effective Compliance with 34 Paragraphs of the First Order. This means that MCSO has been in both Phase 1 and Phase 2 compliance with the requirements of these Paragraphs for at least three consecutive years. In this report, MCSO asserts Full and Effective Compliance with three additional Paragraphs of the First Order, Paragraphs 21, 58 and 63.

According to the Monitor’s 23rd Quarterly Report, MCSO is in Phase 1 compliance with 77 of the First Order Paragraphs and 103 of the Second Order Paragraphs. MCSO is in Phase 2 compliance with 74 of the First Order Paragraphs and 104 of the Second Order Paragraphs. Factoring the requirements of both Orders, MCSO is in Phase 1 compliance with 180 Paragraphs, a 98% overall rating, and in Phase 2 compliance with 178 Paragraphs, an 86% overall rating.

MCSO continues to work with and receive feedback from several community advisory boards which were created at the direction of Sheriff Penzone to advise the Office on important matters that affect the community as well as be a voice to and for the communities they represent:

- SPEAR – Sheriff Penzone’s Executive Advisory Review. SPEAR is made up of diverse community members from across the County.
- The Hispanic Advisory Board is made up of Dreamers, businesspeople, activists, educators, and community leaders.
- The Sheriff has also formed an African American Advisory Board and an LGBTQ Advisory Board.
- The Community Advisory Board (CAB).

MCSO continues to implement the Paragraph 70 plan in conjunction with the Community Advisory Board and the Parties, which plan was developed as an institutional bias remediation program to implement Paragraph 70 of the Court’s Order. Progress and internal deadlines are

being tracked with the use of a Smartsheet, which is a project management software tool. MCSO has shared the Smartsheet information on the status of the various projects related to the Paragraph 70 plan with the Monitor and the Parties on a monthly basis. MCSO is making progress.

MCSO continues to work with the contracted vendor that will be conducting the annual, monthly, and quarterly traffic stop analyses – CNA Analysis & Solutions (CNA). MCSO's Traffic Stop Analysis Unit (TSAU), in partnership with CNA, has been developing a refined methodology for the Monthly and Annual Traffic Stop Report processes.

The Bureau of Internal Oversight (BIO) continues to assist MCSO in its efforts to maintain and gain compliance by providing timely and professional auditing of MCSO personnel to assure compliance with the Court's Order. During this quarter, BIO completed several inspections to verify compliance with the Court's Order requirements and identify any deficiencies.

MCSO is dedicated to achieving full and effective compliance with the Court's Order. Compliance is a top priority for Sheriff Penzone and the leadership he has in place.

Section 3: Implementation Unit Creation and Documentation Requests

General Comments regarding CID

MCSO has taken major steps to implement Section III of the Court's Order. In October 2013, MCSO formed a division titled the Court Compliance and Implementation Division consistent with Paragraph 9 of the Court's Order. In February 2015, MCSO changed the name of this division to the CID, which stands for Court Implementation Division. CID coordinates site visits and other activities with each of the Parties, as the Court's Order requires.

CID, with the Sheriff's approval, ensures the proper allocation of document production requests to the appropriate MCSO units to achieve full and effective compliance with the Court's Order. Thus, the efforts to achieve compliance and to fulfill the Monitor's requests involve the efforts of MCSO divisions, bureaus, personnel and command staff, as well as personnel from the Maricopa County Attorney's Office ("MCAO").

During this quarter, CID responded to the three required monthly document requests, the quarterly document requests, and the January site visit document requests. In addition to the document requests, CID facilitates the production of training materials and policies and procedures to the Monitor for review and approval. As a reflection of MCSO's efforts to achieve full and effective compliance with the Court's Order, CID, through MCSO counsel, produced approximately 341,932 documents during the three-month period of January 1, 2019 – March 31, 2020 alone.

CID strives to continue to foster a positive working relationship with the Monitor and Parties. This positive attitude continues to be reflected in MCSO's ongoing collaboration with the Monitor and Parties.

MCSO remains in "full and effective compliance" with the Paragraphs in Section 3, Implementation Unit Creation and Documentation Requests. These Paragraphs are detailed below along with the reasons for the assertions.

Paragraph 9. *Defendants shall hire and retain or reassign current MCSO employees to form an interdisciplinary unit with the skills and abilities necessary to facilitate implementation of this Order. This unit shall be called the MCSO Implementation Unit and serve as a liaison between the Parties and the Monitor and shall assist with the Defendants' implementation of and compliance with this Order. At a minimum, this unit shall: coordinate the Defendants' compliance and implementation activities; facilitate the provision of data, documents, materials, and access to the Defendants' personnel to the Monitor and Plaintiffs representatives; ensure that all data, documents and records are maintained as provided in this Order; and assist in assigning implementation and compliance-related tasks to MCSO Personnel, as directed by the Sheriff or his designee. The unit will include a single person to serve as a point of contact in communications with Plaintiffs, the Monitor and the Court.*

MCSO remains in Full and Effective Compliance with Paragraph 9.

MCSO remains in full and effective compliance with the requirements for Paragraph 9 in accordance with Paragraph 13. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on June 30, 2018. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 9.

Phase 1 compliance is demonstrated by the CID Operations Manual, most recently revised on August 17, 2018. This manual establishes specific instructions governing the organization,

supervision, and functional operations of CID. The Mission of CID is to act as a liaison between MCSO and the Monitor Team to streamline the process of achieving full compliance with the Court's Orders.

Phase 2 compliance is established through the operations and staffing of CID. CID is currently staffed with one captain, one lieutenant, three sergeants, one management assistant, and one administrative assistant. CID is committed to its mission to act as a liaison between MCSO and the Monitor Team to streamline the process of achieving full compliance with the Court's Orders. CID is committed to ensuring all compliance activities are produced and implemented in a constitutional, lawful, and bias-free manner. CID continues to provide documents via an Internet-based application to the Monitoring Team in accordance with the requirements of this paragraph. CID is an integral and necessary part of MCSO and will continue to function in its capacity to ensure compliance throughout the Office.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 9 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

***Paragraph 10.** MCSO shall collect and maintain all data and records necessary to: (1) implement this order, and document implementation of and compliance with this Order, including data and records necessary for the Monitor to conduct reliable outcome assessments, compliance reviews, and audits; and (2) perform ongoing quality assurance in each of the areas addressed by this Order. At a minimum, the foregoing data collection practices shall comport with current professional standards, with input on those standards from the Monitor.*

MCSO remains in Full and Effective Compliance with Paragraph 10.

MCSO remains in full and effective compliance with the requirements of Paragraph 10 in accordance with Paragraph 13. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on June 30, 2018. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 10.

Phase 1 compliance is demonstrated by the CID Operations Manual, most recently revised on August 17, 2018. This manual establishes specific instructions governing the organization, supervision, and functional operations of CID.

Phase 2 compliance is demonstrated through the consistent production of data and records as well as the performance of ongoing quality assurance. CID is committed to acting as a liaison between MCSO and the Monitor Team by collecting and maintaining all data and records necessary to implement this order and documenting implementation of and compliance with this order. CID is responsive to the requests of the Monitoring Team and addresses issues encountered with immediacy. These requirements are delineated in the CID Operations Manual and will continue to be performed to achieve and maintain compliance with the remaining paragraphs.

BIO conducts regular audits of work products that directly affect compliance with this order. These audits will continue to ensure compliance throughout MCSO and its operations.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 10 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 11. *Beginning with the Monitor's first quarterly report, the Defendants, working with the unit assigned for implementation of the Order, shall file with the Court, with a copy to the Monitor and Plaintiffs, a status report no later than 30 days before the Monitor's quarterly report is due. The Defendants' report shall (i) delineate the steps taken by the Defendants during the reporting period to implement this Order; (ii) delineate the Defendants' plans to correct any problems; and (iii) include responses to any concerns raised in the Monitor's previous quarterly report.*

CID publishes a quarterly report as required by the Court's Order and the CID Operations Manual. The quarterly reports provide an overview of MCSO's efforts to obtain compliance as well as compliance status for each paragraph and responds to concerns raised in the Monitor's quarterly report. Completion of the quarterly report is a necessary function for CID and the quarterly reports will continue to be published.

During the subject three-month reporting period, MCSO used the HUB system to distribute and obtain attestation of fifteen (15) policies and two (2) immediate policy change updates. This includes nine (9) policies related to the Court's Order.

The following is a listing of each Paragraph in Section 4, Policies and Procedures, that MCSO is rated as "in compliance" or "not applicable" for both Phase 1 and Phase 2: 19, 21, 22, 24, 25, and 33.

Paragraphs that MCSO remains in "full and effective compliance" are detailed with the reasons for the assertions. Also listed in detail is Paragraph 21 that MCSO asserts is in "full and effective compliance", along with the reasons for the assertion. Paragraphs that are rated as "not in compliance" or "deferred" are listed in detail along with plans to correct any problems and responses to concerns.

MCSO is in Phase 1 compliance with Paragraph 21. Phase 2 compliance is not applicable.

MCSO asserts that it has been in compliance with the requirements of Paragraph 21 for at least three consecutive years. Phase 1 compliance with Paragraph 21 was first achieved on December 31, 2016. Phase 2 compliance is not applicable. MCSO achieved three consecutive years of Phase 1 compliance with this Paragraph on December 31, 2019.

Phase 1 compliance is demonstrated by MCSO Policy CP-8, *Preventing Racial and Other Bias-Based Profiling*, most recently amended on September 26, 2018. and oversight mechanisms. Requirements of Paragraph 21 are also addressed in MCSO Policies; CP-2, *Code of Conduct*; EA-11, *Arrest Procedures*, EB-1, *Traffic Enforcement, Violator Contacts, and Citation Issuance*, EB-2, *Traffic Stop Data Collection*, GI-1, *Radio and Enforcement Communications Procedures*, and GJ-33, *Significant Operations*.

Although MCSO is in compliance with Paragraph 39, MCSO has not yet achieved three consecutive years of compliance. This is due to the Amendments to the Supplemental Permanent Injunction/Judgment Order (Document 2100) issued on August 3, 2017 that returned the responsibility for compliance with Paragraph 39 to MCSO.

The requirements of conducting Pre-Planned Operations as outlined in these Paragraphs have been fully adopted by MCSO as evident in Policy GJ-33, the Special Investigations Division (SID) Operations Manual, and the CID Operations Manual. MCSO has demonstrated through practice and implementation of policy and operations manuals that it is committed to conducting Significant Operations in accordance with these recognized and adopted procedures.

The following is a listing of each Paragraph in Section 5, Pre-Planned Operations, that MCSO is rated as “in compliance” or “not applicable” for both Phase 1 and Phase 2: Paragraph 39.

Paragraphs for which MCSO remains in “full and effective compliance” are detailed with the reasons for the assertions.

Beginning in November 2015, MCSO has been providing an affirmative statement as a clarification request that no immigration related traffic enforcement activity or Significant Operation involving the arrest of 5 or more people took place. The requirements for pre-planned operations outlined in MCSO Policy GJ-33, *Significant Operations*, have been adopted as best practice and will continue to be utilized and adhered to by MCSO.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 40 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Section 6: Training

The first quarter of 2020 was a productive development quarter for MCSO Training. Based on this purposeful flurry of accomplishments in curriculum development, MCSO Training was on track to re-set the annual training calendar for CORT to avoid excessive amount of training in the last few months of the year. An unavoidable obstacle to this goal was the COVID-19 pandemic which has pushed some training projects back to the later part of the year. At the time of this report, nobody really knows how much this pandemic will impact the rest of 2020. However, overall MCSO Training was able to continue pushing most training projects forward during the pandemic. We continue to be hopeful that CORT Training will be delivered earlier in the year than in the past. Some of the Training curriculums that were submitted to the Monitor and Parties during this quarter include:

- EIS Alert Reference Material. This was approved during the quarter and placed on the HUB. It has received positive feedback and MCSO believes that it has been beneficial.
- 10 pre-approved videos with original talking points were submitted to Monitor/Parties for approval for the video library.
- The bi-annual CP-8 Briefing was submitted along with talking points. MCSO received approval and deployed the briefing in the 2nd Quarter of 2020.
- The updated BlueTeam 1 and 2 hour curriculum was submitted and we received combined comments back and continue to work on the lesson plans.
- PSB-8 Internal was approved, but delivery had to be delayed due to COVID-19.
- 2020 SRELE (Supervisor Responsibilities: Effective Law Enforcement) was submitted to Monitor/Parties.
- The initial 20-hour Bias Free Policing / 4th and 14th Amendment course update was sent to Monitor/Parties.
- Submitted and received approval for the updated Operations Manual for MCSO Training Division.

The Field Training Officer (FTO) program is imperative to MCSO's future as it develops and trains all future deputies. MCSO is working on increasing the numbers of qualified FTOs in order to train new deputies who have just graduated the Basic Training Academy. MCSO recently made a few changes in an attempt to improve the program including adding an FTO patch on qualified FTOs' uniforms, giving FTOs preferential placement in training classes, and recommended that FTOs receive preferred shift status when possible. MCSO also has proposed that active FTOs be paid FTO pay for all hours worked instead of only those hours that they are assigned a trainee or are acting as an FTO in another capacity.

MCSO Training noted the comments in the Monitor's 23rd Quarterly Report regarding the 2019 Bias Free Policing Training being repetitive from a previous year. MCSO understands this feedback but also recognizes the value in training on the same material as is done with many aspects of law enforcement training. The Monitor Report made the following statement in relation to the repetitive curriculum, "As anticipated, there were several evaluations by students critical of the repetitive use of the previous Bias-Free Policing content." MCSO Training believes it must also be documented that there was a significant amount of positive comments from students about how stellar the instruction was, and some thought it was one of the better Bias-Free Policing training

offered. MCSO Training believes this was significantly due to the professionalism and competency of our in-house instructors who delivered the Training in 2020.

MCSO submitted talking points related to 10 videos that had already been approved by the Monitor and Parties in previous CORT Trainings to be considered for inclusion into the video library. The Parties noted concern with one of the videos not being aligned with MCSO Policy. MCSO made changes to that video and resubmitted the videos and talking points. We received the combined comments back from the Monitor and Parties and continue to work through the approval process. Once the videos are approved, they will be placed in the video library.

MCSO submitted an update to the PSB-40 during this quarter. The only significant change was the addition of the practical curriculum from the 2019 PSB-8 course that walks students through a misconduct investigation from beginning to end. MCSO hopes this addition continues to improve the quality of Misconduct Investigations.

The following is a listing of each Paragraph in Section 6, Training, that MCSO is rated as “in compliance” or “not applicable” for Phase 1 and Phase 2: 42, 43, 44, 47, 48, 49, 50, 51, 52, and 53. Paragraphs that MCSO remains in “full and effective compliance” are detailed with the reasons for the assertions.

***Paragraph 45.** The Training may incorporate adult-learning methods that incorporate roleplaying scenarios, interactive exercises, as well as traditional lecture formats.*

MCSO is in Full and Effective Compliance with Paragraph 45.

MCSO is in full and effective compliance with the requirements for Paragraph 45 in accordance with Paragraph 13. In the memorandum dated January 6, 2020 and in reference to the subject of MCSO’s Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO’s assertion of full and effective compliance with the requirements for Paragraph 45.

Phase 1 compliance is not applicable. Phase 2 compliance with Paragraph 45 was first achieved on June 30, 2016. MCSO achieved three consecutive years of Phase 2 compliance with this Paragraph on June 30, 2019.

MCSO Training has incorporated adult-learning methods that include roleplaying scenarios (if appropriate), interactive exercises (if appropriate), and traditional lecture. The MCSO Training Division works with the Monitor and Parties to develop Court’s Order related Training curricula including deciding what appropriate adult learning methods should be incorporated in specific Training curricula. MCSO will continue to work with the Monitor and Parties to ensure that acceptable adult learning methods are incorporated in Court’s Order related Training, allowing MCSO to maintain compliance with this Paragraph.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 45 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

***Paragraph 46.** The curriculum and any materials and information on the proposed instructors for the Training provided for by this Order shall be provided to the Monitor within 90 days of the Effective Date for review pursuant to the process described in Section IV. The Monitor and Plaintiffs may provide resources that the MCSO can consult to develop the content of the Training, including names of suggested instructors.*

MCSO is in Full and Effective Compliance with Paragraph 46.

MCSO is in full and effective compliance with the requirements for Paragraph 46 in accordance with Paragraph 13. In the memorandum dated January 6, 2020 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 46.

Phase 1 compliance is not applicable. Phase 2 compliance with Paragraph 46 was first achieved on June 30, 2016. MCSO achieved three consecutive years of Phase 2 compliance with this Paragraph on June 30, 2019.

MCSO has consistently provided the curriculum and proposed instructor information for Court's Order required training. MCSO adheres to the review process of lesson plans, power points, and tests. The information on proposed instructors for Court's Order required training, including Curriculum Vitae and Training Instructor Misconduct and Disciplinary Reviews, have been consistently provided to the Monitor for review.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 46 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Section 7: Traffic Stop Documentation and Data Collection

General Comments regarding Traffic Stop Documentation and Data Collection

Between January 1, 2020 and March 31, 2020, BIO conducted three traffic stop related inspections to comply with Paragraph 64 of the Court's Order. The Traffic Stop Data Collection inspection reviews monthly traffic stop data to ensure compliance with Office Policy and Paragraphs 54-57 of the Court's Order. This inspection is based on Paragraph 64 of the Court's Order and is conducted using the traffic stop data sample that is randomly chosen by the Monitor Team. This inspection ensures that MCSO: a) collected all traffic stop data to comply with MCSO Policy, EB-2, Traffic Stop Data Collection; b) accurately completed all forms associated to traffic stops; c) closed and validated all TraCS forms; and d) used the correct CAD codes and sub codes. The first quarter of 2020 had an overall compliance rate of 88%. This was a 6% decrease from the previous quarter's rate. The monthly compliance rates were 83% for January, and 91% for February and March.

With the implementation of BWCs, the Audits and Inspections Unit (AIU)'s inspection matrix increased beyond the scope of the Court's Order or Monitor.

MCSO implemented the TraCS system which enables deputies to electronically record traffic stop data and issue printed contact receipts to vehicle occupants. All marked patrol vehicles, approximately 189, assigned to the Patrol Bureau are equipped with the TraCS system to capture the traffic stop data as required by Paragraph 54.

The following is a listing of each Paragraph in Section 7, Traffic Stop Documentation and Data Collection, that MCSO is rated as "in compliance" or "not applicable" for Phase 1 and Phase 2: 57, 58, 62, 63, and 66.

Paragraphs for which MCSO remains in "full and effective compliance" are detailed with the reasons for the assertions. Also listed in detail are Paragraphs 58 and 63 that MCSO asserts are in "full and effective compliance", along with the reasons for the assertions. Paragraphs that are rated as "not in compliance" or "deferred" along with plans to correct any problems and responses to concerns are also listed in detail.

Paragraph 54. *Within 180 days of the Effective Date, MCSO shall develop a system to ensure that Deputies collect data on all vehicle stops, whether or not they result in the issuance of a citation or arrest. This system shall require Deputies to document, at a minimum:*

- a. the name, badge/serial number, and unit of each Deputy and posse member involved;*
- b. the date, time and location of the stop, recorded in a format that can be subject to geocoding;*
- c. the license plate state and number of the subject vehicle;*
- d. the total number of occupants in the vehicle;*
- e. the Deputy's subjective perceived race, ethnicity and gender of the driver and any passengers, based on the officer's subjective impression (no inquiry into an occupant's ethnicity or gender is required or permitted);*
- f. the name of any individual upon whom the Deputy runs a license or warrant check (including subject's surname);*
- g. an indication of whether the Deputy otherwise contacted any passengers, the nature of the contact, and the reasons for such contact;*

- h. *the reason for the stop, recorded prior to contact with the occupants of the stopped vehicle, including a description of the traffic or equipment violation observed, if any, and any indicators of criminal activity developed before or during the stop;*
- i. *time the stop began; any available data from the E-Ticketing system regarding the time any citation was issued; time a release was made without citation; the time any arrest was made; and the time the stop/detention was concluded either by citation, release, or transport of a person to jail or elsewhere or Deputy's departure from the scene;*
- j. *whether any inquiry as to immigration status was conducted and whether ICE/CBP was contacted, and if so, the facts supporting the inquiry or contact with ICE/CBP, the time Supervisor approval was sought, the time ICE/CBP was contacted, the time it took to complete the immigration status investigation or receive a response from ICE/CBP, and whether ICE/CBP ultimately took custody of the individual;*
- k. *whether any individual was asked to consent to a search (and the response), whether a probable cause search was performed on any individual, or whether a pat-and-frisk search was performed on any individual;*
- l. *whether any contraband or evidence was seized from any individual, and nature of the contraband or evidence; and*
- m. *the final disposition of the stop, including whether a citation was issued or an arrest was made or a release was made without citation.*

MCSO is in Phase 1 compliance with Paragraph 54. Phase 2 compliance is Deferred.

There are 13 subparagraph requirements for Paragraph 54, a through l. The Monitor rates MCSO as "Not in Compliance" for Subparagraphs 54.g, 54.k, and 54.l.

Paragraph 54.g requires an indication of whether the Deputy otherwise contacted any passengers, the nature of the contact, and the reasons for such contact. MCSO has added a prompt in the TraCS system to remind the deputy to provide a receipt when the passenger contact field of the Vehicle Stop Contact Form (VSCF) is populated.

Paragraph 54.k requires MCSO to document whether any individual was asked to consent to a search (and the response), whether a probable-cause search was performed on any individual, or whether a pat-and-frisk search was performed on any individual. MCSO continues to reinforce this requirement and the need for thorough supervisory reviews.

Paragraph 54.l requires MCSO to document whether any contraband or evidence was seized from any individual, and nature of the contraband or evidence. During this reporting period, MCSO attained a compliance rate of 90%. MCSO continues to reinforce this requirement and the need for thorough supervisory reviews.

Paragraph 55. *MCSO shall assign a unique ID for each incident/stop so that any other documentation (e.g., citations, incident reports, tow forms) can be linked back to the stop.*

MCSO remains in Full and Effective Compliance with Paragraph 55.

MCSO remains in full and effective compliance with the requirements for Paragraph 55 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 55.

MCSO has been in compliance with the requirements of Paragraph 55 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 55 was first achieved on September 30, 2014. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on September 30, 2017.

Phase 1 compliance is demonstrated by MCSO Policy GI-1, *Radio and Enforcement Communications Procedures*, most recently amended on April 19, 2018 and MCSO Policy EB-2, *Traffic Stop Data Collection*, most recently amended on April 13, 2018.

In support of Phase 2 compliance, MCSO has provided the VSCFs, CAD printouts, I/Viewer documentation, citations, warning forms, and any IR that may have been generated as a result of the traffic stop. The unique identifying number is automatically generated by the CAD software and is sent to the deputy's MDT at the time the deputy advises Communications of the traffic stop. The unique identifier is visible and displayed at the top of the CAD printout and also visible on the VSCF, the Arizona Traffic Citation, and the Warning/Repair Form. The Monitoring Team reviews 105 traffic stop cases each quarter. The unique identification number assigned to each event was listed correctly on all CAD printouts for every stop.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 55 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 56. *The traffic stop data collection system shall be subject to regular audits and quality control checks. MCSO shall develop a protocol for maintaining the integrity and accuracy of the traffic stop data, to be reviewed by the Monitor pursuant to the process described in Section IV.*

MCSO is not in Phase 1 or Phase 2 compliance with Paragraph 56.

There are three pending sections of the total thirty sections in the EIU Operations Manual, which are yet to be finalized. These sections include the Definitions and Traffic Stop Monthly Reporting (TSMR) sections and the Traffic Stop Annual Reporting (TSAR), which will be modified to align with processes relative to the TSMR process. The TSAR section was approved prior to the onboarding of CNA. These remaining sections cannot be finalized until the TSAR and TSMR methodologies related to annual and monthly analyses of traffic stop data are determined to be reliable and valid in accordance with the requirements of Paragraphs 66 and 67. MCSO continued to make progress during the first quarter of 2020. The TSMR methodology was approved and the TSAR methodology for the 5th TSAR was adjusted and finalized. The TSAR was published and made available on MCSO's website on May 27, 2020.

Paragraph 58. *The MCSO shall ensure that all databases containing individual-specific data comply with federal and state privacy standards governing personally identifiable information. MCSO shall develop a process to restrict database access to authorized, identified users who are accessing the information for a legitimate and identified purpose as defined by the Parties. If the Parties cannot agree, the Court shall make the determination.*

MCSO is in Phase 1 and Phase 2 compliance with Paragraph 58.

MCSO asserts that it has been in compliance with the requirements of Paragraph 58 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 58 was first achieved on December 31, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on December 31, 2019.

Phase 1 compliance is demonstrated by MCSO policies GF-1, *Criminal Justice Data Systems*, and GF-3, *Criminal History Record Information and Public Records*. These policies state that the dissemination of Criminal History Record Information (CHRI) is based on federal guidelines,

Arizona statutes, the Department of Public Safety (ASDPS), and the Arizona Criminal Justice Information System (ACJIS); and that any violation is subject to fine. No secondary dissemination is allowed. The policies require that the PSB provide written notification to the System Security Officer whenever it has been determined that an employee has violated the policy by improperly accessing any Office computer database system.

Phase 2 compliance is demonstrated by the Monitor's inquiries of whether there have been any instances of unauthorized access to and/or any improper uses of the database systems. The Monitor also reviews all closed PSB cases and has access to any sustained or alleged violations of the requirements of this Paragraph.

MCSO asserts full and effective compliance with the requirements for Paragraph 58 in accordance with Paragraph 13.

Paragraph 59. *Notwithstanding the foregoing, the MCSO shall provide full access to the collected data to the Monitor and Plaintiffs' representatives, who shall keep any personal identifying information confidential. Every 180 days, MCSO shall provide the traffic stop data collected up to that date to the Monitor and Plaintiffs' representatives in electronic form. If proprietary software is necessary to view and analyze the data, MCSO shall provide a copy of the same. If the Monitor or the Parties wish to submit data with personal identifying information to the Court, they shall provide the personally identifying information under seal.*

MCSO remains in Full and Effective Compliance with Paragraph 59.

MCSO remains in full and effective compliance with the requirements for Paragraph 59 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 59.

MCSO has been in compliance with the requirements of Paragraph 59 for at least three consecutive years. Phase 1 compliance with this paragraph is not applicable. Phase 2 compliance with Paragraph 59 was first achieved on June 30, 2014. MCSO achieved three consecutive years of compliance with Paragraph 59 on June 30, 2017.

MCSO has captured traffic stop data electronically since April 1, 2014. All marked patrol vehicles are equipped with the TraCS system. All patrol deputies have been trained in TraCS data entry. BIO provides the traffic stop data to the Monitoring Team on a monthly basis. This traffic stop data includes a spreadsheet of all traffic stops for the reporting period and a listing of event numbers. MCSO has historically provided full access to all available collected electronic and written data for traffic stops.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 59 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 60. *Within one year of the Effective Date, the MCSO shall develop a system by which Deputies can input traffic stop data electronically. Such electronic data system shall have the capability to generate summary reports and analyses, and to conduct searches and queries. MCSO will explore whether such data collection capability is possible through the agency's existing CAD and MDT systems, or a combination of the CAD and MDT systems with a new data collection system. Data need not all be collected in a single database; however, it should be collected in a format that can be efficiently analyzed together. Before developing an electronic system, the*

MCSO may collect data manually but must ensure that such data can be entered into the electronic system in a timely and accurate fashion as soon as practicable.

MCSO remains in Full and Effective Compliance with Paragraph 60.

MCSO remains in full and effective compliance with the requirements for Paragraph 60 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 60.

MCSO has been in compliance with the requirements of Paragraph 60 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 60 was first achieved on September 30, 2015. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this paragraph on September 30, 2018.

Phase 1 compliance is demonstrated by MCSO Policy EB-1, *Traffic Enforcement, Violator Contacts, and Citation Issuance*, most recently amended on January 11, 2018 and MCSO Policy EB-2, *Traffic Stop Data Collection*, most recently amended on April 13, 2018.

Phase 2 compliance is demonstrated through the use of the TraCS system and the ability for BIO to generate summary reports and analyses, and to conduct searches and queries. All marked patrol vehicles are equipped with the TraCS system and deputies have the ability to input traffic stop data electronically.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 60 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 61. *The MCSO will issue functional video and audio recording equipment to all patrol deputies and sergeants who make traffic stops, and shall commence regular operation and maintenance of such video and audio recording equipment. Such issuance must be complete within 120 days of the approval of the policies and procedures for the operation, maintenance, and data storage for such on-person body cameras and approval of the purchase of such equipment and related contracts by the Maricopa County Board of Supervisors. Subject to Maricopa County code and the State of Arizona's procurement law, The Court shall choose the vendor for the video and audio recording equipment if the Parties and the Monitor cannot agree on one.*

MCSO is in Full and Effective Compliance with Paragraph 61.

MCSO is in full and effective compliance with the requirements for Paragraph 61 in accordance with Paragraph 13. In the memorandum dated January 6, 2020 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 61.

Phase 1 and Phase 2 compliance with Paragraph 61 was first achieved on June 30, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on June 30, 2019.

Phase 1 compliance is demonstrated by MCSO Policy GJ-35, *Body-Worn Cameras*, most recently amended on January 7, 2017. This policy establishes a standardized system for creating,

impounding, retaining, and destroying audio and/or video recordings made with body-worn cameras during investigative or law enforcement activities and contact with members of the public.

Phase 2 compliance is demonstrated by the issuance of body-worn cameras to all required patrol personnel and the full implementation that occurred on May 16, 2016. Furthermore, body-worn camera videos of random samples of traffic stops are provided to the Monitor for the assessment of traffic stop related Paragraphs 25 and 54. Reviews of these incidents provide verification that all Patrol deputies have been issued body-worn cameras, and properly utilize the devices.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 61 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 63. *MCSO shall retain traffic stop written data for a minimum of 5 years after it is created, and shall retain in-car camera recordings for a minimum of 3 years unless a case involving the traffic stop remains under investigation by the MCSO or the Monitor, or is the subject of a Notice of Claim, civil litigation or criminal investigation, for a longer period, in which case the MCSO shall maintain such data or recordings for at least one year after the final disposition of the matter, including appeals. MCSO shall develop a formal policy, to be reviewed by the Monitor and the Parties pursuant to the process described in Section IV and subject to the District Court, to govern proper use of the on-person cameras; accountability measures to ensure compliance with the Court's orders, including mandatory activation of video cameras for traffic stops; review of the camera recordings; responses to public records requests in accordance with the Order and governing law; and privacy protections. The MCSO shall submit such proposed policy for review by the Monitor and Plaintiff's counsel within 60 days of the Court's issuance of an order approving the use of on-body cameras as set forth in this stipulation. The MCSO shall submit a request for funding to the Maricopa County Board of Supervisors within 45 days of the approval by the Court or the Monitor of such policy and the equipment and vendor(s) for such on-body cameras.*

MCSO is in Phase 1 and Phase 2 compliance with Paragraph 63.

MCSO asserts that it has been in compliance with the requirements of Paragraph 63 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 63 was first achieved on December 31, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on December 31, 2019.

Phase 1 compliance is demonstrated by MCSO policies EB-2, *Traffic Stop Data Collection*, GJ-35 *Body-Worn Cameras*, and the *Body-Worn Camera Operations Manual*, which delineate the requirements of this Paragraph. MCSO Policy EB-2 establishes procedures for the collection and retention of traffic stop data. MCSO Policy GJ-35 establishes a standardized system for creating, impounding, retaining, and destroying audio and/or video recordings made with body-worn cameras during investigative or law enforcement activities and contact with members of the public. The *Body-Worn Camera Operations Manual* provides specific guidance regarding the practices and procedures associated with the *Body-Worn Camera Program*.

Phase 2 compliance is demonstrated by the reviews of body-worn camera videos conducted by the Monitor as well as the Monitor's inspections of the original hardcopy form of any handwritten documentation of data collected during a traffic stop required to be stored at the District. These traffic stop written data files are inspected by the Monitor during site visits and have routinely been found to be in compliance.

MCSO asserts full and effective compliance with the requirements for Paragraph 63 in accordance with Paragraph 13.

Paragraph 64. *Within 180 days of the Effective Date, MCSO shall develop a protocol for periodic analysis of the traffic stop data described above in Paragraphs 54 to 59 (“collected traffic stop data”) and data gathered for any Significant Operation as described in this Order (“collected patrol data”) to look for warning signs or indicia or possible racial profiling or other improper conduct under this Order.*

Based on the Monitor’s 23rd Quarterly Report, MCSO is not in Phase 1 or Phase 2 Compliance with Paragraph 64.

The remaining two sections of the EIU Operations Manual, *Section 200. Definitions* and *Section 308. Traffic Stop Monthly Analysis, Reporting, And Responses* remain in development. Section 200 will be submitted in the final submission to ensure that all definitions relative to the EIU and TSAU functions are included. MCSO is currently exploring methods and developing methodologies to address the findings resulting from the monthly analyses once approved and commenced.

MCSO continues to prioritize and work diligently to achieve compliance with this Paragraph.

Paragraph 65. *MCSO shall designate a group with the MCSO Implementation Unit, or other MCSO Personnel working under the supervision of a Lieutenant or higher-ranked officer, to analyze the collected data on a monthly, quarterly and annual basis, and report their findings to the Monitor and the Parties. This review group shall analyze the data to look for possible individual-level, unit-level or systemic problems. Review group members shall not review or analyze collected traffic stop data or collected patrol data relating to their own activities.*

MCSO is in Phase 1 compliance with Paragraph 65. MCSO is not in Phase 2 compliance.

The Monitor indicates MCSO will achieve Phase 2 compliance with this Paragraph when its periodic analyses involves the consistent use of a statistical methodology designed to identify patterns of deputy behavior at odds with their peers.

MCSO continued to work with CNA to complete the first quarterly report on the topic of evaluation of supervisor traffic stop reviews. Progress has been made and CNA completed the interviews of supervisors. MCSO received comments from the Monitoring Team for the second quarterly report in January 2020. The comments were discussed at the January site visit. At the end of March, the proposed TSQR template was sent to the monitoring team for approval.

CNA will have the first draft of the annual report (TSAR5) completed and delivered to MCSO in the second quarter of 2020. TSAR5 was published on May 27, 2020.

The methodology for the TSMR was approved in January 2020. CNA will have the syntax for the TSMR completed by the beginning of the second quarter of 2020. This will allow MCSO to start the MCSO testing. MCSO continues to work on the development of the dashboard, the resource guide, supervisor training, and the data sheet that will all be part of the TSMR process.

Paragraph 67. *In this context, warning signs or indicia of possible racial profiling or other misconduct include, but are not limited to:*

- a. *racial and ethnic disparities in deputies’, units’ or the agency’s traffic stop patterns, including disparities or increases in stops for minor traffic violations, arrests following a traffic stop, and immigration status inquiries, that cannot be explained by statistical modeling of race neutral factors or characteristics of deputies’ duties, or racial or ethnic disparities in traffic stop patterns when compared with data of deputies’ peers;*

- b. *evidence of extended traffic stops or increased inquiries/investigations where investigations involve a Latino driver or passengers;*
- c. *a citation rate for traffic stops that is an outlier when compared to data of a Deputy's peers, or a low rate of seizure of contraband or arrests following searches and investigations;*
- d. *indications that deputies, units or the agency is not complying with the data collection requirements of this Order; and*
- e. *other indications of racial or ethnic bias in the exercise of official duties.*

MCSO is in Phase 1 compliance with Paragraph 67. Phase 2 compliance is deferred.

MCSO continues to work collaboratively with CNA and the Parties to develop the Traffic Stop Monthly Reports. In January 2020, MCSO received approval from the Monitoring Team for the TSMR methodology. In March of 2020 TSAU, CNA, the Monitoring Team, and members representing the parties began bi-weekly calls to continue progress of the development. This group continues to test and finalize the syntax for the monthly analysis. Additionally, this group is working form by form through the specific conversation topics, interventions, documentation and training that will be part of this process.

Paragraph 68. *When reviewing collected patrol data, MCSO shall examine at least the following:*

- a. *the justification for the Significant Operation, the process for site selection, and the procedures followed during the planning and implementation of the Significant Operation;*
- b. *the effectiveness of the Significant Operation as measured against the specific operational objectives for the Significant Operation, including a review of crime data before and after the operation;*
- c. *the tactics employed during the Significant Operation and whether they yielded the desired results;*
- d. *the number and rate of stops, Investigatory Detentions and arrests, and the documented reasons supporting those stops, detentions and arrests, overall and broken down by Deputy, geographic area, and the actual or perceived race and/or ethnicity and the surname information captured or provided by the persons stopped, detained or arrested;*
- e. *the resource needs and allocation during the Significant Operation; and*
- f. *any Complaints lodged against MCSO Personnel following a Significant Operation.*

MCSO remains in Full and Effective Compliance with Paragraph 68.

MCSO remains in full and effective compliance with the requirements for Paragraph 68 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 68.

MCSO has been in compliance with the requirements of Paragraph 68 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 68 was first achieved on September 30, 2014. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on September 30, 2017.

Phase 1 compliance is demonstrated by MCSO policy GJ-33, *Significant Operations*, most recently amended on May 10, 2018. Phase 2 compliance is confirmed through monthly document requests and site visits.

Since the initial publication of GJ-33, MCSO has conducted only one Significant Operation. That one Significant Operation was “Operation Borderline” and it was conducted in October 2014. MCSO met all the requirements of this Paragraph during “Operation Borderline”. MCSO has not conducted any Significant Operations since.

The requirements for notification and production of supporting documentation to the Monitor and Parties is required and outlined in the CID Operations Manual. Should MCSO conduct any future pre-planned operations that meet the requirements as outlined in this Paragraph, the requirements and protocols established in Policy GJ-33 and the CID Operations Manual will be followed. MCSO is committed to adhering to Policy GJ-33 as a best practice for conducting Significant Operations.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 68 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 69. *In addition to the agency-wide analysis of collected traffic stop and patrol data, MCSO Supervisors shall also conduct a review of the collected data for the Deputies under his or her command on a monthly basis to determine whether there are warning signs or indicia of possible racial profiling, unlawful detentions and arrests, or improper enforcement of Immigration-Related Laws by a Deputy. Each Supervisor will also report his or her conclusions based on such review on a monthly basis to a designated commander in the MCSO Implementation Unit.*

MCSO is in Phase 1 compliance with Paragraph 69. MCSO is not in Phase 2 compliance.

The Monitor’s 23rd Quarterly Report notes that the audits and inspections of supervisory oversight activities often indicate fluctuating trends of compliance across the organization. MCSO has addressed alert investigation issues for supervisors during SRELE training. MCSO supervisors conduct Early Intervention System (EIS) reviews of all assigned subordinates twice a month. Any changes to the employee’s profile are documented in the supervisor notes. There have been no incidents involving the improper enforcement of Immigration-Related Laws.

MCSO continues to work to achieve compliance with the requirements of this Paragraph.

Paragraph 70. *If any one of the foregoing reviews and analyses of the traffic stop data indicates that a particular Deputy or unit may be engaging in racial profiling, unlawful searches or seizures, or unlawful immigration enforcement, or that there may be systemic problems regarding any of the foregoing, MCSO shall take reasonable steps to investigate and closely monitor the situation. Interventions may include but are not limited to counseling, Training, Supervisor ride-alongs, ordering changes in practice or procedure, changing duty assignments, Discipline, or of other supervised, monitored, and documented action plans and strategies designed to modify activity. If the MCSO or the Monitor concludes that systemic problems of racial profiling, unlawful searches or seizures, or unlawful immigration enforcement exist, the MCSO shall take appropriate steps at the agency level, in addition to initiating corrective and/or disciplinary measures against the appropriate Supervisor(s) or Command Staff. All interventions shall be documented in writing.*

MCSO is in Phase 1 compliance with Paragraph 70. MCSO is not in Phase 2 Compliance.

MCSO continues to implement the Paragraph 70 plan in conjunction with the CAB and the Parties, which plan was developed as an institutional bias remediation program to implement Paragraph 70 of the Court’s Order. Progress and internal deadlines are being tracked with the use of a Smartsheet, which is a project management software tool. MCSO has shared the Smartsheet

information on the status of the various projects related to the Paragraph 70 plan with the Monitor and the Parties. The feedback has been positive, and MCSO is making progress.

***Paragraph 71.** In addition to the underlying collected data, the Monitor and Plaintiffs' representatives shall have access to the results of all Supervisor and agency level reviews of the traffic stop and patrol data.*

MCSO remains in Full and Effective Compliance with Paragraph 71.

MCSO remains in full and effective compliance with the requirements for Paragraph 71 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 71.

MCSO has been in compliance with the requirements of Paragraph 71 for at least three consecutive years. Phase 1 compliance with this Paragraph is not applicable. Phase 2 compliance with Paragraph 71 was first achieved on June 30, 2014. MCSO achieved three consecutive years of compliance with Paragraph 71 on June 30, 2017. MCSO has consistently provided the Monitor and Parties access to the data and reports relevant to this Paragraph. The CID Operations Manual requires personnel to collect and disseminate data and/or information as requested by the Monitor Team through the document production request process.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 71 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

General Comments Regarding EIS

The EIS continues to operate and evolve in its processes to improve efficiency to achieve MCSO's goals. The EIU maintains the EIS system on a day to day basis and utilizes the full potential of the EIS for the identification of employee behaviors that may require intervention.

During this reporting period, the IAPro system generated 164 alerts. EIU created and forwarded 50 alerts to supervisors for further review and utilizes a review group consisting of members from EIU and TSAU who review and verify the alerts were properly completed. This group (ARG) has proven successful in assisting districts with improving the quality of alerts and interventions.

The following is a listing of each Paragraph in Section 8, EIS, that MCSO is rated as "in compliance" or "not applicable" for both Phase 1 and Phase 2: 73, 74, 75, 76, 78, and 80.

Paragraphs for which MCSO remains in "full and effective compliance" are detailed with the reasons for the assertions. Also listed in detail are Paragraphs that are rated as "not in compliance" or "deferred" along with plans to correct any problems and responses to concerns.

***Paragraph 72.** MCSO shall work with the Monitor, with input from the Parties, to develop, implement and maintain a computerized EIS to support the effective supervision and management of MCSO Deputies and employees, including the identification of and response to potentially problematic behaviors, including racial profiling, unlawful detentions and arrests, and improper enforcement of Immigration-Related Laws within one year of the Effective Date. MCSO will regularly use EIS data to promote lawful, ethical and professional police practices; and to evaluate the performance of MCSO Patrol Operations Employees across all ranks, units and shifts.*

MCSO is in Phase 1 compliance with Paragraph 72. MCSO is not in Phase 2 compliance.

The EIU has continued efforts to maintain the day to day basic functions of the EIS and utilizes the system to its full potential while continually working to improve the EIS through enhancement and modification.

Completed projects for this period include approval of Section 301 of the operations manual and approval of the Alert Refresher Course which was recently made available on the HUB. EIU has received mostly positive feedback from the Training Division regarding the Alert Refresher. Also submitted this quarter were the Blue Team training courses. MCSO has received comments back from the Monitoring Team and is currently working on revisions which will be submitted soon.

Ongoing projects include the threshold project and implementation of processes for evaluating effectiveness of interventions. The effectiveness of interventions project will be included in the upcoming update/revision of Section 302 of the Operations Manual. The threshold project remains in the research phase and recently completed Best Practices research by contacting outside agencies regarding their thresholds and EIS policies. Upcoming research for this project will include surveys from the field. The survey process is currently in the development phase.

EIU has continued to evaluate these results of the alert inspection and implement processes to achieve improved results. In this quarter, the EIU submitted updates/revisions to GH-5. These revisions included changes and expansion to policies regarding extension requests. Also implemented this quarter were new tracking processes with assistance from the AIU. This internal process will improve communication and assist liaisons communicate and assist supervisors in the field who are assigned alerts. These new processes in conjunction with the recently implemented Alert Refresher Course and the Alert Review Group will allow the EIS to further support the effective supervision and management of MCSO employees. The EIU will continue to evaluate results of the alert inspection and work to correct issues that affect compliance.

Paragraph 77. *MCSO shall maintain computer hardware, including servers, terminals and other necessary equipment, in sufficient amount and in good working order to permit personnel, including Supervisors and commanders, ready and secure access to the EIS system to permit timely input and review of EIS data as necessary to comply with the requirements of this Order.*

MCSO remains in Full and Effective Compliance with Paragraph 77.

MCSO remains in full and effective compliance for Paragraph 77 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 77.

MCSO has been in compliance with the requirements of Paragraph 77 for at least three consecutive years. Phase 1 compliance with this Paragraph is not applicable. MCSO achieved three consecutive years of Phase 2 compliance with this Paragraph on December 31, 2017.

MCSO has been responsive to ensuring that deputies and supervisors have access to the necessary equipment, in sufficient amount and in good working order, to meet the requirements of this Paragraph. MCSO commanders and supervisors have ready and secured access to the EIS system.

All marked patrol vehicles are properly equipped with TraCS equipment. Each District office has available computers for any occurrence of system failures with vehicle equipment. MCSO Policy GH-5, *Early Identification System*, delineates the purpose, use, and requirements of the EIS. MCSO has demonstrated its commitment to utilizing the EIS system as a part of necessary operations. The technology and equipment available at MCSO meet the requirements of the Court's Order.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 77 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 79. *The EIS computer program and computer hardware will be operational, fully implemented, and be used in accordance with policies and protocols that incorporate the requirements of this Order within one year of the Effective Date. Prior to full implementation of*

the new EIS, MCSO will continue to use existing databases and resources to the fullest extent possible, to identify patterns of conduct by employees or groups of Deputies.

MCSO is in Phase 1 compliance with Paragraph 79. MCSO is not in Phase 2 compliance.

EIU continues to work to automate processes such as reports and notifications to ensure the EIS and available resources are being used to the fullest extent possible.

Paragraph 81. *MCSO shall develop and implement a protocol for using the EIS and information obtained from it. The protocol for using the EIS shall address data storage, data retrieval, reporting, data analysis, pattern identification, identifying Deputies for intervention, Supervisory use, Supervisory/agency intervention, documentation and audit. Additional required protocol elements include:*

- a. *comparative data analysis, including peer group analysis, to identify patterns of activity by individual Deputies and groups of Deputies;*

In any cases where a Supervisor believes a Deputy may be engaging in racial profiling, unlawful detentions or arrests, or improper enforcement of Immigration-Related Laws or the early warning protocol is triggered, the MCSO shall notify the Monitor and Plaintiffs and take reasonable steps to investigate and closely monitor the situation, and take corrective action to remedy the issue. Interventions may*

include but are not limited to counseling, Training, Supervisor ride-alongs, ordering changes in practice or procedure, changing duty assignments, Discipline, or other supervised, monitored, and documented action plans and strategies designed to modify activity. All interventions will be documented in writing and entered into the automated system;

- f. a statement that the decision to order an intervention for an employee or group using EIS data shall include peer group analysis, including consideration of the nature of the employee's assignment, and not solely on the number or percentages of incidents in any category of information recorded in the EIS;*

- h. an evaluation of whether MCSO commanders and Supervisors are appropriately using the EIS to enhance effective and ethical policing and reduce risk; and*
- i. mechanisms to ensure monitored and secure access to the EIS to ensure the integrity, proper use, and appropriate confidentiality of the data.*

MCSO is in Phase 1 compliance with Paragraph 81. MCSO is not in Phase 2 compliance.

To achieve Phase 2 compliance, the monthly traffic stop analyses must resume using an approved methodology and be included in the Monthly Alert Report in addition to producing TSQRs. MCSO is making progress and continues to work to achieve compliance with the requirements of this Paragraph.

Section 9: Supervision and Evaluation of Officer Performance

On September 5, 2017, MCSO instituted the Chain of Command program which delineates the reporting structure for every employee in the Office. The program is used to align every employee with their current supervisor so that necessary and/or required documentation is routed/captured by the required systems that currently link into the program. Additionally, the MCSO Training Division continues to deliver training to newly promoted employees to ensure they have the training and skills necessary to be successful.

The following is a listing of each Paragraph in Section 9, Supervision and Evaluation of Officer Performance, that MCSO is rated as “in compliance” or “not applicable” for both Phase 1 and Phase 2: 83, 85, 86, 90, 99, and 100.

Paragraphs for which MCSO remains in “full and effective compliance” are detailed with the reasons for the assertions. Listed in detail are Paragraphs that are rated as “not in compliance” or “deferred” along with plans to correct any problems and responses to concerns.

Paragraph 84. *Within 120 days of the Effective Date, all patrol Deputies shall be assigned to a single, consistent, clearly identified Supervisor. First-line field Supervisors shall be assigned to supervise no more than twelve Deputies.*

MCSO remains in Full and Effective Compliance with Paragraph 84.

MCSO is in full and effective compliance with the requirements for Paragraph 84 in accordance with Paragraph 13. Phase 1 and Phase 2 compliance with Paragraph 84 was first achieved on March 31, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on March 31, 2019. In the memorandum dated October 2, 2019 and in reference to the subject of MCSO’s Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO’s assertion of full and effective compliance with the requirements for Paragraph 84.

Phase 1 compliance is demonstrated by MCSO Policy GB-2, *Command Responsibility*, which establishes that no subordinate shall report to more than one single, consistent, and clearly identified direct supervisor at any given time and that first-line patrol supervisors shall be assigned to supervise no more than a total of eight deputies, reserve deputies, and posse members, but in no event, should a patrol supervisor be responsible for more than a total of ten deputies, reserve deputies, and posse members.

Phase 2 compliance is demonstrated by the monthly rosters, shift rosters, and span of control memos submitted for review that document all patrol deputies are assigned to a single, consistent, clearly identified supervisor and that first-line field Supervisors are assigned to supervise no more than twelve Deputies.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 84 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 87. *MCSO shall hold Commanders and Supervisors directly accountable for the quality and effectiveness of their supervision, including whether commanders and Supervisors identify and effectively respond to misconduct, as part of their performance evaluations and through non-disciplinary corrective action, or through the initiation of formal investigation and the disciplinary process, as appropriate.*

MCSO is in Phase 1 compliance with Paragraph 87. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report notes that compliance rating for this reporting period was 80.9%. MCSO is continuing the process of developing a new EPA. The Monitor and Parties have reviewed the draft proposals. The prototype EPA has been piloted in Districts 2 and 3. This draft proposal includes rating dimensions that address the requirements of the Order. MCSO is hopeful that the new EPA will soon be approved.

As an interim measure meant to specifically address the recurring deficiencies in the EPAs that are completed for supervisors and commanders, MCSO has proposed additions to the questions that serve as prompts for the Quality of Supervisory Review/Supervisor Accountability rating dimension within the currently approved EPA format. These additions are reinforcements of the direct requirements of the Court's Order. MCSO believes that these reinforcements will improve compliance until such time as the new EPA process is approved and fully implemented.

***Paragraph 88.** To ensure compliance with the terms of this Order, first-line Supervisors in any Specialized Units enforcing Immigration-Related Laws shall directly supervise the law enforcement activities of new members of the unit for one week by accompanying them in the field, and directly supervise the in-the-field-activities of all members of the unit for at least two weeks every year.*

MCSO remains in Full and Effective Compliance with Paragraph 88.

MCSO remains in full and effective compliance for Paragraph 88 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 88.

MCSO has been in Phase 1 and Phase 2 compliance with Paragraph 88 for at least three consecutive years. MCSO first achieved Phase 1 and Phase 2 compliance on September 30, 2015. There are no specialized units within MCSO that enforce Immigration-Related laws. The SID Operations Manual is required to be reviewed annually and has an effective date of April 1, 2018. The SID organizational chart and the SID Operations Manual support that the Anti-Trafficking Unit no longer exists and that there are no specialized units in MCSO whose mission includes the enforcement of human smuggling laws as part of their duties.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 88 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

***Paragraph 89.** A Deputy shall notify a Supervisor before initiating any immigration status investigation, as discussed in Paragraph 28. Deputies shall also notify Supervisors before effectuating an arrest following any immigration-related investigation or for an Immigration Related Crime, or for any crime related to identity fraud or lack of an identity document. The responding Supervisor shall approve or disapprove the Deputy's investigation or arrest recommendation based on the available information and conformance with MCSO policy. The Supervisor shall take appropriate action to address any deficiencies in Deputies' investigation or arrest recommendations, including releasing the subject, recommending non-disciplinary corrective action for the involved Deputy, and/or referring the incident for administrative investigation.*

MCSO is in Full and Effective Compliance with Paragraph 89.

MCSO is in full and effective compliance with the requirements for Paragraph 89 in accordance with Paragraph 13. In the memorandum dated January 6, 2020 and in reference to the subject of

MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 89.

Phase 1 and Phase 2 compliance with Paragraph 89 was first achieved on June 30, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on June 30, 2019.

Phase 1 compliance is demonstrated by MCSO Policies EA-11, *Arrest Procedures*, GC-17, *Employee Disciplinary Procedures*, EB-1, *Traffic Enforcement, Violator Contacts, and Citation Issuance*, and GF-5, *Incident Report Guidelines*. These policies establish that deputies must contact a supervisor before initiating any immigration status investigation, effectuating an arrest following any immigration-related investigation or for an Immigration Related Crime, or for any crime related to identity fraud or lack of an identity document.

Phase 2 compliance is demonstrated by the Monitor's review and assessment of IRs, bookings, and criminal citations.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 89 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 91. *As part of the Supervisory review, the Supervisor shall document any Investigatory Stops and detentions that appear unsupported by reasonable suspicion or are otherwise in violation of MCSO policy or stops or detentions that indicate a need for corrective action or review of agency policy, strategy, tactics, or Training. The Supervisor shall take appropriate action to address all violations or deficiencies in Investigatory Stops or detentions, including recommending non-disciplinary corrective action for the involved Deputy, and/or referring the incident for administrative or criminal investigation.*

MCSO is in Phase 1 compliance with Paragraph 91. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report states, "Paragraph 91 requires supervisors to identify policy violations, deficiencies, and training issues noted in stops and detentions." MCSO's average compliance for the quarter was 90.47%.

MCSO has averaged above 90% for the past 2 quarters and is very close to achieving Phase 2 compliance with the requirements of this Paragraph. MCSO continues to reinforce the necessity for quality and thoroughness in the supervisory reviews of investigative stops and the associated documentation.

Paragraph 92. *Supervisors shall use EIS to track each subordinate's violations or deficiencies in Investigatory Stops or detentions and the corrective actions taken, in order to identify Deputies needing repeated corrective action. Supervisors shall notify IA. The Supervisor shall ensure that each violation or deficiency is documented in the Deputy's performance evaluations. The quality and completeness of these Supervisory reviews shall be taken into account in the Supervisor's own performance evaluations. MCSO shall take appropriate corrective or disciplinary action against Supervisors who fail to conduct complete, thorough, and accurate reviews of Deputies' stops and Investigatory Detentions.*

MCSO is in Phase 1 compliance with Paragraph 92. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report notes that EIS Alerts Inspection Reports are utilized to determine compliance with Paragraph 92. All of the deficiencies identified in the EIS Alert Inspections were for MCSO failing to complete the action within the required timeframe of 30 days

as required by MCSO Policy. The narrative for Paragraph 92 concludes that compliance rates for the three months of this quarter indicate that MCSO did not meet the requirements of this Paragraph.

MCSO disagrees with this rating and the method of assessment. The EIS Alert Inspection Reports and associated deficiencies are not related to the requirements of Paragraph 92. During the January 2020 site visit, MCSO discussed with the Monitor Team a change to the documentation provided to more accurately assess compliance with the requirements of this Paragraph.

MCSO proposed to provide selected performance evaluations that were completed during the month and associated EIS information/Supervisor notes from the corresponding rating period for these performance evaluations that document violations or deficiencies regarding investigatory stops, detentions, and arrests. The Monitor has agreed to this change. MCSO is optimistic that this change in the documentation provided will result in a more accurate assessment of the Office's compliance with the requirements of this Paragraph.

As the requirements were not assessed, a rating of "Deferred" would be more appropriate.

Paragraph 93. Absent extraordinary circumstances, MCSO Deputies shall complete all incident reports before the end of shift. MCSO field Supervisors shall review incident reports and shall memorialize their review of incident reports within 72 hours of an arrest, absent exceptional circumstances.

MCSO is in Full and Effective Compliance with Paragraph 93.

MCSO is in full and effective compliance for Paragraph 93 in accordance with Paragraph 13. In the memorandum dated April 9, 2020 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 93.

MCSO has been in compliance with the requirements of Paragraph 93 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 93 was first achieved on September 30, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on September 30, 2019.

Phase 1 compliance is demonstrated by MCSO Policy EA-11, Arrest Procedures, most recently amended on June 18, 2019 and MCSO Policy GF-5, Incident Report Guidelines. These two policies establish that deputies and reserve deputies shall complete and submit all IRs prior to the end of the shift, absent extraordinary circumstances, as approved by a supervisor. The policies further establish that supervisors shall review documentation of all stops, investigatory detentions, and arrests within 72 hours of receiving such documentation, absent exceptional circumstances.

Phase 2 compliance is demonstrated by the Monitor's monthly reviews of randomly selected IRs that are assessed for the requirements of this Paragraph. MCSO has consistently provided proper documentation of timely submission and supervisory reviews of IRs.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 93 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 94. As part of the Supervisory review, the Supervisor shall document any arrests that are unsupported by probable cause or are otherwise in violation of MCSO policy, or that indicate a need for corrective action or review of agency policy, strategy, tactics, or Training. The Supervisor shall take appropriate action to address violations or deficiencies in making arrests, including notification of prosecuting authorities, recommending non-disciplinary corrective action for the involved Deputy, and/or referring the incident for administrative or criminal investigation.

MCSO is in Phase 1 compliance with Paragraph 94. MCSO is not in Phase 2 compliance.

This was the second quarter that the Monitor utilized a new IR Inspection to determine compliance with the requirements of Paragraph 94. Overall, 109 of the 120 in-custody and criminal citation reports reviewed by the Monitor were found to be in compliance, for a rating of 90.83%, which is very close to the 94% needed to achieve compliance. MCSO continues to work to achieve compliance with Paragraph 94.

Paragraph 95. *Supervisors shall use EIS to track each subordinate's violations or deficiencies in the arrests and the corrective actions taken, in order to identify Deputies needing repeated corrective action. The Supervisor shall ensure that each violation or deficiency is noted in the Deputy's performance evaluations. The quality of these supervisory reviews shall be taken into account in the Supervisor's own performance evaluations, promotions, or internal transfers. MCSO shall take appropriate corrective or disciplinary action against Supervisors who fail to conduct reviews of adequate and consistent quality.*

MCSO is in Phase 1 compliance with Paragraph 95. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report utilizes the same EIS Alerts Inspection Reports that are utilized to determine compliance with Paragraph 92. All of the deficiencies identified in the EIS Alert Inspections were for MCSO failing to complete the action within the required timeframe of 30 days as required by MCSO Policy. The requirements for Paragraph 95 were not assessed in the determination that MCSO is not in compliance.

MCSO disagrees with this rating and the method of assessment. The EIS Alert Inspection Reports and associated deficiencies are not related to the requirements of Paragraph 95. During the January 2020 site visit, MCSO discussed with the Monitor Team a change to the documentation provided to more accurately assess compliance with the requirements of this Paragraph.

MCSO proposed to provide selected performance evaluations that were completed during the month and associated EIS information/Supervisor notes from the corresponding rating period for these performance evaluations that document violations or deficiencies regarding investigatory stops, detentions, and arrests. The Monitor has agreed to this change. MCSO is optimistic that this change in the documentation provided will result in a more accurate assessment of the Office's compliance with the requirements of this Paragraph.

As the requirements were not assessed, a rating of "Deferred" would be more appropriate.

Paragraph 96. *A command-level official shall review, in writing, all Supervisory reviews related to arrests that are unsupported by probable cause or are otherwise in violation of MCSO policy, or that indicate a need for corrective action or review of agency policy, strategy, tactics, or Training. The commander's review shall be completed within 14 days of receiving the document reporting the event. The commander shall evaluate the corrective action and recommendations in the Supervisor's written report and ensure that all appropriate corrective action is taken.*

MCSO is in Phase 1 compliance with Paragraph 96. MCSO is not in Phase 2 compliance.

The requirements of Paragraph 96 are assessed through a review of Incident Memorialization Forms (IMFs) and BIO Action Forms for arrests where deficiencies have been identified. Compliance is determined by the command staff's timely reviews of IMFs, once submitted by supervisors, and commanders' evaluation of the corrective actions taken. There were no IMFs completed for October. Three IMFs were submitted for November, and all three were found to be in compliance. One IMF was reviewed for December and was found to be deficient based on the length of time taken to be completed and submitted. Three of four IMFs assessed for this quarter

were found to be in compliance for a rating of 75%. MCSO is reinforcing the need for supervisors to utilize the IMF when appropriate.

Paragraph 97. *MCSO Commanders and Supervisors shall periodically review the EIS reports and information, and initiate, implement, or assess the effectiveness of interventions for individual Deputies, Supervisors, and units based on that review. The obligations of MCSO Commanders and Supervisors in that regard are described above in Paragraphs 81(c)–(h).*

MCSO is in Phase 1 compliance with Paragraph 97. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report rates MCSO's compliance for the two required EIS reviews per month at 90.61%. It is further noted that a review of broader pattern-based reports, as required by Paragraph 81.c., and assessments of interventions as required by this Paragraph, has not been sufficiently documented to meet compliance with this Paragraph.

Paragraph 98. *MCSO, in consultation with the Monitor, shall create a system for regular employee performance evaluations that, among other things, track each officer's past performance to determine whether the officer has demonstrated a pattern of behavior prohibited by MCSO policy or this Order.*

MCSO is in Phase 1 compliance with Paragraph 98. MCSO is not in Phase 2 compliance.

The Monitor's 23rd Quarterly Report notes that the compliance rating for this reporting period was 80.95%. The recurring deficiencies are; the assessment of supervisors' effectiveness in identifying and responding to misconduct; rating supervisors' quality of misconduct investigations, and command reviews of misconduct investigations, as per Paragraph 176.

MCSO is continuing the process of developing a new EPA. The Monitor and Parties have reviewed the draft proposals. The prototype EPA has been piloted in Districts 2 and 3. This draft proposal includes quality and effectiveness of supervision as a rating dimension.

As an interim measure meant to specifically address the recurring deficiencies in the EPA's that are completed for supervisors and commanders, MCSO has proposed additions to the questions that serve as prompts for the Quality of Supervisory Review/Supervisor Accountability rating dimension within the currently approved EPA format. These additions are reinforcements of the direct requirements of the Court's Order. MCSO believes that these reinforcements will improve compliance with these recurring deficiencies until such time as the new EPA process is approved and fully implemented.

Paragraph 101. *Within 180 days of the Effective Date, MCSO shall develop and implement eligibility criteria for assignment to Specialized Units enforcing Immigration-Related Laws.*

MCSO remains in Full and Effective Compliance with Paragraph 101.

MCSO remains in full and effective compliance for Paragraph 101 in accordance with Paragraph 13. In the memorandum dated January 28, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 101.

MCSO asserts that it has been in Phase 1 and Phase 2 compliance with Paragraph 101 for at least three consecutive years. MCSO first achieved Phase 1 and Phase 2 compliance on September 30, 2015.

There are no specialized units within MCSO that enforce Immigration-Related laws. The SID Operations Manual is required to be reviewed annually and has an effective date of April 1, 2018.

The SID organizational chart and the SID Operations Manual support that the Anti-Trafficking Unit no longer exists and that there are no specialized units in MCSO whose mission includes the enforcement of human smuggling laws as part of their duties.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 101 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Section 10: Misconduct and Complaints

General Comments Regarding Misconduct and Complaints:

PSB continued to classify some external complaints—those that involve inadequate policy, procedure, practice, service level, or legal standard or statute required by the Office—as Service Complaints. PSB initiated a process and tracking system for these complaints that does not involve employee misconduct. The PSB Commander also has the discretion to determine that internal complaints alleging minor policy violations can be documented and addressed without a formal investigation if certain criteria exist. To assure that MCSO’s actions comply with the Court’s Order and the high standards the Office expects, MCSO continued with a multiple-step approach to address misconduct and complaints.

PSB reviews all division level investigations and provides written feedback to division level investigators and their chains of command in order to improve the thoroughness of the investigations, obtain structure and consistency in format, ensure the inclusion of proper forms, and provide assistance with future investigations. The intent of the feedback is to evaluate, educate, assist and provide suggestions for future division level investigations. PSB also provides feedback regarding the efficiency and thoroughness with which the divisions undertake and complete administrative investigations. PSB reviews division cases for quality control prior to final submission to the appointing authority for final findings.

Two sworn sergeants are permanently assigned to PSB to act as liaisons with the other divisions. They are tasked with the primary responsibility of reviewing all division level cases for thoroughness and accuracy, providing investigative feedback to the investigator and his chain of command, and documenting and tracking investigative deficiencies pursuant to the Second Order, Paragraph 211. PSB continues to monitor and track investigative deficiencies that occur at the division level.

The following is a listing of each Paragraph in Section 10, Misconduct and Complaints, that MCSO is rated as “in compliance” or “not applicable” for both Phase 1 and Phase 2: 102 and 105.

Listed in detail are Paragraphs that are rated as “not in compliance” or “deferred” along with plans to correct any problems and responses to concerns. Paragraphs for which MCSO remains in “full and effective compliance” are detailed with the reasons for the assertions.

Paragraph 103. *Within one year of the Effective Date, MCSO shall develop a plan for conducting regular, targeted, and random integrity audit checks to identify and investigate Deputies possibly engaging in improper behavior, including: Discriminatory Policing; unlawful detentions and arrests; improper enforcement of Immigration-Related Laws; and failure to report misconduct.*

MCSO is not in Phase 1 or Phase 2 compliance with Paragraph 103.

AIU currently conducts random and regular integrity audit checks through monthly and quarterly inspections. Although the unit’s Operations Manual is still being developed, in the 22nd and 23rd Monitor Quarterly Report, the Monitor Team credits MCSO with meeting the requirements of this paragraph regarding “regular” and “random” inspections through the following inspections: Supervisory Notes, Complaint Intake Tests, Patrol Activity Logs, Traffic Stop Data, Post Stop Ethnicity, Incident Reports, Employee Email, etc.

Targeted integrity audit checks will be conducted by AIU once the associated section of the Operations Manual is approved by the Monitor Team. A new draft version of this section was submitted to the Monitor Team and Parties which was returned with comments on January 13,

2020. AIU is working on the returned draft and will resubmit the section when revisions are complete.

Paragraph 104. *Subject to applicable laws, MCSO shall require Deputies to cooperate with administrative investigations, including appearing for an interview when requested by an investigator and providing all requested documents and evidence. Supervisors shall be notified when a Deputy under their supervision is summoned as part of an administrative investigation and shall facilitate the Deputy's appearance, absent extraordinary and documented circumstances.*

MCSO is in Full and Effective Compliance with Paragraph 104.

MCSO is in full and effective compliance for Paragraph 104 in accordance with Paragraph 13. In the memorandum dated April 9, 2020 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 104.

MCSO has been in compliance with the requirements of Paragraph 104 for at least three consecutive years. Phase 1 and Phase 2 compliance with Paragraph 104 was first achieved on September 30, 2016. MCSO achieved three consecutive years of Phase 1 and Phase 2 compliance with this Paragraph on September 30, 2019.

Phase 1 compliance is demonstrated by MCSO Policy GH-2, Internal Investigations, most recently amended on June 28, 2019. This policy establishes that all employees shall cooperate with an administrative investigation, including appearing for an interview when requested by an investigator, and providing all required documents, evidence, or names of witnesses that may be relevant to the investigation. This policy further establishes that supervisors shall be notified when an employee under their supervision is summoned as part of an administrative investigation and shall facilitate the employee's appearance, absent extraordinary and documented circumstances.

Phase 2 compliance is demonstrated by the Monitor's monthly reviews of completed misconduct investigations that are assessed for the requirements of this Paragraph. Reviews of these investigations and the associated investigative format and checklist have shown that MCSO deputies consistently appear for scheduled interviews, provide all required information to investigators, and cooperate with investigations. These reviews have also shown that supervisors are notified when an employee under their supervision is summoned as part of an administrative investigation and that supervisors facilitate the employee's appearance.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 104 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Paragraph 106. *Records of Complaints and investigations shall be maintained and made available, un-redacted, to the Monitor and Plaintiffs' representatives upon request. The Monitor and Plaintiffs' representatives shall maintain the confidentiality of any information therein that is not public record. Disclosure of records of pending investigations shall be consistent with state law.*

MCSO remains in Full and Effective Compliance with Paragraph 106.

MCSO remains in full and effective compliance with the requirements for Paragraph 106 in accordance with Paragraph 13. Phase 1 compliance is not applicable. Phase 2 compliance with Paragraph 106 was first achieved on December 31, 2015. MCSO achieved three consecutive years of Phase 2 compliance with this Paragraph on December 31, 2018. In the memorandum dated June

25, 2019 and in reference to the subject of MCSO's Assertions of Full and Effective Compliance with Various First Order Paragraphs, the Monitoring Team concurred with MCSO's assertion of full and effective compliance with the requirements for Paragraph 106.

Phase 2 compliance is demonstrated by MCSO's maintenance of the required records as well as making the required records available to the Monitor, Plaintiffs, and Plaintiff-Intervenors. MCSO distributes documents via a document-sharing website. MCSO has consistently met the requirements of Paragraph 106.

In accordance with Paragraph 134, the Monitor may refrain from conducting an audit or review of the requirements of Paragraph 34 as previous assessments of the requirements have been found to have been fully implemented in practice and the intended outcome has been achieved.

Section 11: Community Engagement

In furtherance of community engagement activity, MCSO created the Community Outreach Division (COrD). COrD has been instrumental in promoting and participating in events that unite MCSO personnel with community members and serve to rebuild the community's trust and confidence in MCSO.

Community policing activities performed by patrol deputies for this quarter registered 105 events with a public attendance of 18,141. During this same period, the Computer Aided Dispatch System recorded 914 community policing engagements. These engagements totaled over 1,877 staff hours and are primarily attributed to the community policing activities of patrol deputies.

COrD has continually worked on bringing MCSO and the community together through existing programs and developing new relationships through outreach efforts. Listed below are a few highlights of community events conducted during this quarter. These community contacts are reflective of the COVID 19 occurrence. On a national level we have practiced social distancing and are not participating in large crowd events. Practicing and adhering to these new guidelines has required COrD to be creative and innovative.

Notable events in January included an overview of MCSO and crime prevention/safety tips conducted in Spanish at a church located in Maryvale. On January 11th, COrD partnered with Tres Leches Café for a community forum with Sheriff Penzone. On January 20, Sheriff Penzone, Executive Staff, COrD, and other MCSO personnel participated in the East Valley Dr. Martin Luther King Jr. Parade.

On February 8, 2020, COrD participated in the annual Laveen BBQ held at Cesar Chavez Park. Several community members had questions regarding employment with MCSO. The event was attended by more than 1,500 community members. COrD participated in the Wonder Woman Event held by the Family and Child Academy on February 28. COrD was able to answer questions and give information about victim rights, booking process and services offered by MCSO.

The Annual MCSO vs Aguila Fire Department Basketball game was held on March 6. This annual event provides the students of Aguila Elementary School, and the entire community, an opportunity to interact with MCSO and local Fire Department. After a good basketball game, the children enjoyed a safety presentation conducted by MCSO personnel. On March 29, COrD joined the Damion Gosa Memorial Foundation Annual Freedom from Violence Walk. This event highlights awareness and support for domestic violence victims and their families. This is an annual collaboration with the City of Phoenix Police Department.

Also, during this quarter, MCSO conducted a three-day Citizen's Community Academy which provides Maricopa County residents the opportunity to experience one-on-one interactive education from MCSO Deputies, Detention, and Civilian staff.

On June 3, 2019, the Court returned the community meetings to the Monitor's supervision (Doc. 2431). The Monitoring Team conducted a community meeting on Wednesday, January 15, 2019 during the January site visit. This community meeting was held at the Burton Barr Public Library in Phoenix. MCSO conducted a presentation on the Training Division.

The following is a listing of each Paragraph in Section 11, Community Engagement in which MCSO is rated as "in compliance" or "not applicable" for both Phase 1 and Phase 2: 109, 110, 111, 112, 113, 114, 115, 116, 117, and 118.

Section 12: Misconduct Investigations, Discipline, and Grievances

In accordance with Paragraph 251, during the last rating period PSB developed a voluntary survey for complainants to complete after the conclusion of an investigation. The surveys are intended to capture complainant demographic information for external complaints and to examine any patterns or trends involving the findings of investigations related to the complainant's demographic information. Beginning January 1, 2020, upon the closure of an external misconduct investigation PSB provides prepaid postage return envelopes to the complainants, allowing them to return the survey to MCSO by mail, without incurring any fees. Additionally, complainants may complete a web-based version of the survey, capturing the same demographic information. The relevant demographic information, and any identified patterns, will be reported in subsequent Semi-Annual Misconduct Reports.

The following is a listing of each Paragraph in Section 12, Misconduct Investigations, Discipline, and Grievances, that MCSO is rated as "in compliance" or "not applicable" for both Phase 1 and Phase 2: 167, 168, 169, 170, 171, 172, 173, 174, 175, 177, 178, 179, 180, 181, 182, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 212, 213, 214, 215, 216, 217, 218, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258 and 259.

Listed in detail below, are Paragraphs that are rated as "not in compliance" or "deferred" along with plans to correct any problems and responses to concerns.

Paragraph 165. *Within one month of the entry of this Order, the Sheriff shall conduct a comprehensive review of all policies, procedures, manuals, and other written directive related to misconduct investigations, employee discipline, and grievances, and shall provide to the Monitor and Plaintiffs new policies and procedure or revise existing policies and procedures. The new or revised policies and procedures that shall be provided shall incorporate all of the requirements of this Order. If there are any provisions as to which the parties do not agree, they will expeditiously confer and attempt to resolve their disagreements. To the extent that the parties cannot agree on any proposed revisions, those matters shall be submitted to the Court for resolution within three months of the date of the entry of this Order. Any party who delays the approval by insisting on provisions that are contrary to this Order is subject to sanction.*

Phase 1 compliance for this Paragraph is not applicable. Phase 2 compliance is deferred.

On August 25, 2016, MCSO filed a notice of compliance for Paragraph 165 with the Court.

Pursuant to Paragraph 165, the MCSO Policy Section has submitted the following 31 policies along with other operations manuals and protocols to the Monitor and Parties related to this Paragraph:

- Training Division Operations Manual (Published 03/09/2020)

All outstanding operations manuals and policies are currently in a phase of review or revision. MCSO is actively working on the outstanding operations manuals listed as currently under revision.

Paragraph 176. *The quality of investigators' internal affairs investigations and Supervisors' reviews of investigations shall be taken into account in their performance evaluations.*

MCSO is in Phase 1 compliance with Paragraph 176. MCSO is not in Phase 2 compliance.

MCSO is continuing the process of developing a new EPA. The Monitor and Parties have reviewed the draft proposals. The draft proposal addresses the requirements of documenting the quality of investigators' internal affairs investigations and supervisors' reviews of investigations. MCSO is hopeful that the new EPA will soon be approved. MCSO continues to strive for compliance.

Paragraph 194. *The Commander of the Professional Standards Bureau shall ensure that investigations comply with MCSO policy and all requirements of this Order, including those related to training, investigators' disciplinary backgrounds, and conflicts of interest.*

MCSO is in Phase 1 compliance with Paragraph 194. MCSO is not in Phase 2 compliance.

Paragraph 194 requires that the PSB Commander ensure that *investigations* comply with MCSO Policy and the requirements of the Court's Order. Compliance is determined by the review of *completed misconduct investigations* conducted by MCSO personnel, the attendance by investigators at required misconduct training, and the disciplinary backgrounds of investigators, and the efforts being made by the PSB Commander to reach compliance.

Paragraph 178 requires all supervisors and personnel assigned to the PSB have 40 hours of comprehensive training on conducting misconduct investigations. MCSO is "In compliance" with Paragraph 178.

Paragraph 179 requires all supervisors and personnel assigned to the PSB receive eight hours of training annually related to conducting misconduct investigations. MCSO is "In compliance" with Paragraph 179.

The Monitor acknowledges in Paragraph 194 that PSB reviews the disciplinary backgrounds of all who might conduct internal investigations; and reports monthly any additional personnel who are disqualified from conducting misconduct investigations. The PSB identified one supervisor who is ineligible to conduct internal investigations.

The Monitor's 23rd Quarterly Report states that the Monitor "continues to find that the PSB Commander is identifying and ensuring that corrections are made, and all documentation is completed in district cases that PSB reviews." In this reporting period, the Monitor found instances where PSB identified concerns with the district commander's approval of misconduct investigations. The PSB Commander forwarded these concerns to the Deputy Chiefs to address. Further, the Monitor found that many investigations are non-compliant when they leave the districts and they are subsequently returned by the PSB Commander for the correction of deficiencies. Lastly, the Monitor comments that PSB reviews allow district cases to be near or full compliance when they are finalized (see comments in Monitor's 23rd Quarterly Report, Paragraphs 32, 194, 211).

Paragraph 194 requires that the PSB Commander ensure that *investigations* comply with MCSO Policy and the requirements of the Court's Order, not that MCSO personnel conduct proper misconduct investigations. MCSO asserts that the PSB Commander does exactly that, ensures *investigations* comply with MCSO Policy and the requirements of the Court's Order.

Paragraph 211 assesses the Commander of the PSB or, "the Commander of the Division in which the internal affairs investigation was conducted...the Commander (of the division) shall return the investigation to the investigator for correction or additional investigative effort, shall document the inadequacies..." Additionally, Paragraph 211 states, "The Commander shall be responsible for the accuracy and completeness of investigation reports prepared by internal affairs investigators *under his command*."

The Monitor asserts in his 23rd Quarterly Report, "we continue to believe that many of the concerns found in these cases could, and should, have been identified at the District or Division level prior to forwarding the cases to PSB for review;" "we continue to believe that the majority of deficiencies found at the District and Division cases should be identified prior to forwarding the case to PSB..." and lastly, "we have noted in numerous prior reporting period that both the supervisors who complete deficient investigations and the command personnel who approve them must be held accountable..."

The PSB Commander should not be held accountable for the Division Commander's review, or lack of review, of misconduct investigations in Paragraph 194; but rather the Division Commander's inadequacies shall be measured in Paragraph 211.

MCSO requests a change in compliance assessment methodology and requests compliance with Paragraph 194.

Paragraph 195. *Within six months of the entry of this Order, the Professional Standards Bureau shall include sufficient trained personnel to fulfill the requirements of this Order.*

MCSO is in Phase 1 compliance with Paragraph 195. MCSO is not in Phase 2 compliance.

MCSO asserts that PSB includes sufficient trained personnel to meet the requirements of the Court's Order. All investigators assigned to PSB receive annual training to include the initial 40-hour Misconduct Investigations training; and the 8-hour annual training for conducting misconduct investigations, as specified in Paragraphs 178 and 179. PSB investigators receive additional training in interviewing, video analysis, and their Detective Certification.

Twenty-three investigators are assigned to PSB. This is a sufficient number of investigators to conduct thorough, complete, and non-bias investigations, and meet the requirements of the Court's Order. However, with the continuing influx of complaints, and the significant backlog of investigations and division case review, even with additional personnel, PSB will continue to be understaffed and unable to meet its responsibilities of completing timely investigations as specified in Arizona Revised Statutes, 38-1110. Despite not meeting the statutory requirements of completing an investigation, PSB *is* in compliance with the requirements of Paragraph 204, which requires that administrative investigations are completed within 60 and 85 calendar days.

PSB is doing the following in attempt to alleviate workload on its investigators:

- Complaints regarding an inadequate level of service due to manpower or resources, or statutory authority required of MCSO (or a complaint that is not an allegation of employee misconduct) is handled as a service complaint, which requires less investigative action than an administrative investigation.
- Creation of Service Complaint short form-revision to expedite the process for handling service complaints in which it can immediately be identified that the complaint does not involve MCSO employees.
- Increased utilization of the PSB Commander's discretion to determine that internal complaints alleging minor policy violations can be addressed without formal investigation if certain criteria exist.
- Implemented a protocol for situations in which witness interviews may not need to be conducted, for example, when there is convincing evidence, without the need to interview some potential witnesses, that misconduct did nor did not occur.
- Increase in budgeted positions in FY 2018/2019 and 2019/2020 for both sworn, detention and civilian investigators, and administrative support staff. Additionally, to relieve the workload of its investigators, PSB engaged supervisors from the Administrative Support Division to assist with the initial case reviews of district investigations.
- Utilized Maricopa County Human Resources Division to review and vet allegations of workplace harassment to determine whether any policy violations occurred, or whether the allegation is a performance issue or misunderstanding of supervisory responsibilities.

Increasing staffing is not the solution to address the increased influx of investigations. MCSO asserts that no number of investigators will be sufficient to reduce the number of outstanding investigations or the length of open investigations unless and until the requirements of these investigations have been modified to mitigate the unintended consequences of these requirements. MCSO has put forth suggestions for changes that have met resistance from the parties. Until a

change is made, MCSO will continue to conduct thorough, complete and non-biased investigations as quickly as possible under the current circumstances. The Monitor is aware of and has acknowledged that the number of complaint investigations is overwhelming and continues to increase.

In the narrative for Paragraph 194, the Monitor's 23rd Quarterly Report states, "As we have for numerous reporting periods, we note that despite all the efforts that are being made to properly address investigations, it is simply not possible to do so with the existing staff. It is also obvious that the number of investigations has continued to increase since 2014 and there is no indication that will change". The Monitor's 23rd Quarterly Report further states that, "We will not find MCSO in compliance with this Paragraph until MCSO addresses PSB's staffing issues". MCSO requests the Monitor to provide, in its estimation, what a sufficient number of investigators would be to meet the demands and achieve compliance.

PSB has demonstrated that it conducts fair, impartial, thorough and complete misconduct investigations, and issues fair and equitable discipline when warranted. All investigators assigned to PSB receive annual training to include the initial 40-hour Misconduct Investigations training and the 8-hour annual training for conducting misconduct investigations, as specified in Paragraphs 178 and 179. PSB has sufficient trained personnel to fulfill the requirements of the Court's Order. The facts clearly show that the number of complaint investigations is the issue, not the staffing of PSB.

MCSO believes that the overwhelming number of complaint investigations is an unanticipated impact and not the intended outcome of the requirements of the Court's Order. As outlined in Paragraph 138, the Monitor should conduct a comprehensive re-assessment and determine whether and to what extent the outcomes have been achieved and any modifications necessary in light of the unanticipated impact the overwhelming number of complaint investigations has caused.

MCSO requests compliance with Paragraph 195.

Paragraph 211. *If the Commander—meaning the Commander of the PSB or the Commander of the Division in which the internal affairs investigation was conducted—determines that the findings of the investigation report are not supported by the appropriate standard of proof, the Commander shall return the investigation to the investigator for correction or additional investigative effort, shall document the inadequacies, and shall include this documentation as an addendum to the original investigation. The investigator's Supervisor shall take appropriate action to address the inadequately supported determination and any investigative deficiencies that led to it. The Commander shall be responsible for the accuracy and completeness of investigation reports prepared by internal affairs investigators under his or her command.*

MCSO is in Phase 1 compliance with Paragraph 211. MCSO is not in Phase 2 compliance.

PSB continues to review all division level investigations, identify and document investigative and administrative deficiencies, and provide written feedback to division level investigators and their chains of command in order to improve the thoroughness of the investigations; obtain structure and consistency in format; ensure the inclusion of proper forms; and provide assistance with future investigations. The intent of the feedback is to evaluate, educate, assist and provide suggestions for future division level investigations. The PSB also provides feedback regarding the efficiency and thoroughness with which the divisions undertake and complete administrative investigations. Lastly, the PSB continues to liaise with districts and provide meaningful annual continuing training to supervisors outside of PSB who conduct misconduct investigations.

MCSO will continue to work towards Phase 2 compliance with Paragraph 211 and the quality of misconduct investigations conducted by the Districts/Divisions.

Paragraph 260. *The MCSO shall produce an annual report on the testing program. This report shall include, at a minimum:*

- b. the number and proportion of tests in which employees responded inappropriately to a tester;*

Section 18: Conclusion

This Report covers the first Quarter of 2020 (January 1, 2020–March 31, 2020) and attempts to highlight MCSO’s compliance efforts and achievements during this specific rating period.

MCSO’s compliance rates for the First Order remained at 96% for Phase 1 and increased 2% to 79% for Phase 2. MCSO’s compliance rates for the Second Order remained at 100% for Phase 1 and increased 2% for Phase 2 to 92%. The 100% compliance rating for Phase 1 means that MCSO has developed and received approval for all requisite policies and procedures of the Second Order.

According to the Monitor’s 23rd Quarterly Report, MCSO is in Phase 1 compliance with 77 of the First Order Paragraphs and 103 of the Second Order Paragraphs. MCSO is in Phase 2 compliance with 74 of the First Order Paragraphs and 104 of the Second Order Paragraphs. Factoring the requirements of both Orders, MCSO is in Phase 1 compliance with 180 Paragraphs, a 98% overall rating, and in Phase 2 compliance with 174 Paragraphs, an 86% overall rating.

In this report, MCSO asserted Full and Effective Compliance with three additional Paragraphs of the First Order, Paragraphs 21, 58, and 63. Should the Monitor agree with these assertions, MCSO will have achieved Full and Effective Compliance with a total of 37 Paragraphs.

Of the 212 Paragraphs contained in the First and Second Order, there are just 29 Paragraphs that MCSO is rated as “Not in compliance” or “Deferred” for Phase 1 or Phase 2 compliance. These compliance achievements demonstrate MCSO’s consistency and dedication.

MCSO is continuing with efforts to achieve compliance with the remaining requirements. BIO continues to assist MCSO in its efforts to maintain and gain compliance by providing timely and professional auditing of MCSO personnel to assure compliance with the Court’s Order.

MCSO continues to implement the Paragraph 70 plan in conjunction with the CAB and the Parties, which plan was developed as an institutional bias remediation program to implement Paragraph 70 of the Court’s Order. Progress and internal deadlines are being tracked with the use of a Smartsheet, which is a project management software tool. MCSO continues to share, each month, the Smartsheet information on the status of the various projects related to the Paragraph 70 plan with the Monitor and the Parties. MCSO is making progress.

MCSO has participated in bi-weekly telephone conferences with the Monitor and Parties on the TSMR process. These calls have the goals of; refining the TSMR methodology based on the results of the ongoing pilot program, defining and developing the intervention processes, and developing commensurate training so that supervisors will be equipped to implement the intervention processes.

As an interim measure until MCSO receives approval for the new EPA process, MCSO has proposed additions to the questions that serve as prompts for the Quality of Supervisory Review/Supervisor Accountability rating dimension within the currently approved EPA format. These additions are reinforcements of the direct requirements of the Court’s Order. MCSO believes that these reinforcements will improve compliance until such time as the new EPA process is approved and fully implemented.

MCSO is dedicated to following the best police practices and gaining full and effective compliance with the Court’s Orders. The concentrated emphasis on compliance has benefited MCSO and the vast, diverse community it serves.
